

Student Safety Passport Checklist

Parent's- Signature: _____

Print Name: _____

This is to make you aware of the tools, equipment and processes that are part of the Exploring Technologies course and that we are taking every possible precaution to maximize safety for your son or daughter here at Western. Please sign and print your name above **so that I know you have seen this safety passport checklist and are aware of our shop/room environment and safety concerns.**

Students- Signature: _____

Print Name: _____

With all of the tools, equipment and processes around the shop and classrooms, it is important that every student have full understanding and operation of each, prior to using to keep you safe. Students must be signed and checked off after a lesson, related info/contract, and teacher/student demo, prior to be able to use. **Only after instruction and successful demonstration, be allowed to use shop tools and equipment.**

#	Tool, Equipment, or Process	Date of Contract	Teachers' Initial	#	Tool, Equipment, or Process	Date of Contract	Teachers' Initial
