

Part C: Fire Protection Symbols

	Pressure Gauge
	Pressure Reducing Valve
	Check Valve
	Gate Valve
	Globe Valve
	Fire Hose Cabinet
	Fire Hose Rack
	Multi Purpose Extinguisher
	Water Type Extinguisher
	CO-2 Type Extinguisher
	Dry Chemical Extinguisher
	Fire Department Input Connection
	Supply Air Duct
	Return Air Duct
	Fire Damper
	Gas Line
	Fire Line
	Main Sprinkler Supply Line
	Sprinkler Line & Upright Head
	Sprinkler Line & Pendent Head
	Sprinkler Line & Sidewall Head
	Post Hydrant
	Box Hydrant
	Floor Drain
	Funnel Floor Drain
	Roof Drain
	Catch Basin

Fig. A-4 Mechanical fire protection symbols.

	Fire Alarm Manual Station
	Fire Alarm Key-Operated Station
	57°C Fixed Temperature Heat Detector
	57°C R. of R. & Fixed Temp. Heat Detector
	88°C Fixed Temperature Heat Detector
	57°C Rate of Compensation Heat Detector
	Ionization Type Smoke Detector
	Photoelectric Type Smoke Detector
	Water Flow Switch
	Valve Supervisory Switch
	Fire Alarm Visual Signal Appliance
	Fire Alarm Audible Signal Appliance
	Cone Speaker
	Horn Speaker
	Emergency Telephone
	Remote Alarm Indicator
	Fire Alarm System Annunciator
	Fire Alarm System Control Unit
	Central Alarm and Control Facility
	Voice Communication Control Unit
	Data Gathering Panel
	Terminal Box
	Magnetic Door Holder
	Combination Door Holder/Closer Unit
	Electric Release Lock
